
Dr. McCullough Testifies the Truth About COVID-19, mRNA Shots, and the WHO Before the European Parliament

It's time to pull out from the World Health Organization. Dr. McCullough explains why.

THE VIGILANT FOX

283 61 26 Share

Esteemed cardiologist Dr. Peter McCullough unleashed an array of truth bombs during his presentation to the European Parliament on September 13, 2023, in a session specifically focused on the World Health Organization and the global management of the COVID-19 pandemic.

Here are five key takeaways from Dr. McCullough's presentation:

- There were two main waves of harm: the first being the SARS-CoV-2 outbreak affecting mainly vulnerable populations, and the second being injuries related to COVID-19 vaccinations.
- The WHO is part of a complex biopharmaceutical syndicate involving organizations like the United Nations, World Economic Forum, Gates Foundation, and Rockefeller Foundation. He accuses them of adversely impacting the pandemic response.
- Dr. Anthony Fauci and others concealed the lab-engineered origins of the virus in Wuhan, China.
- The only effective ways to prevent hospitalization and death are through early treatment and acquiring natural immunity. Dr. McCullough criticized organizations like the WHO for obstructing such early treatment options.
- mRNA "vaccines" introduce a potentially harmful genetic code into the human body, leading to multiple diseases, including myocarditis.

Rumble link to this video.

Dr. McCullough also outlined how the COVID "vaccines" injure and kill:

Cardiovascular Disease
• "We've seen cardiac arrest now two years after these shots."
• Myocarditis (heart inflammation)
• Acceleration of atherosclerotic cardiovascular disease
• Heart attacks • Posterior orthostatic tachycardia syndrome (POTS)
• Aortic dissection
• Atrial fibrillation
• Cardiac arrest in the absence of myocarditis
Neurologic Disease
• Stroke (both ischemic and hemorrhagic)
• Guillain–Barré syndrome (can cause ascending paralysis leading to death)
• Small fiber neuropathy (numbness and tingling)
Blood Clots
• "The spike protein is the most thrombogenic protein we've ever seen in human medicine."
• Unusually large and resistant blood clots
• Blood clots that are not dissolving with conventional treatments
Immunologic Abnormalities
• Vaccine-induced thrombotic thrombocytopenia
• Multisystem inflammatory disorder

While the "vaccines" pose risks, steps can be taken to mitigate further harm. Check out Dr. McCullough's expert insights on how to recover post-vaccination in the link below:

First-Ever Spike Detox Protocol Appears in US Medical Journal: Here's How You Can Get Better

I would think that any rational, objective person who watches this video would agree that the vaccine campaign against the world has been an unmitigated man-made disaster.

He must be applauded for that however the first words out of his mouth reified the lie that there was a pandemic caused by a unique viral pathogen which caused mass death.

He said the following:

"There have been two waves of injury to the world. The first is frrom the SARS-CoV-2 infection which preyed upon the frail and the elderly."

That's not at all what happened. It was murder by public policy- public health despotism and massive data fraud that made the "death toll" appear greater than what it was in Spring 2020. His contention has always been with "the way the pandemic was managed."

That's part of the problem. There was no pandemic.

To continue to assert the lie that there was a pandemic is classic misdirection.

Billy:The majority of the world's rulers only have an overly big mouth and only utter stupid and primitive slogans that have neither hand nor foot, but only worthlessness, so that a valuable and lasting peace cannot really and finally be ensured and exist, but instead ..

Also that there are some 18.5 million human beings worldwide who have been outright murdered by these false vaccinations, as Ptaah explained to me, which of course is vehemently denied, because the truth is not meant to be known.

This, just as it should also not be known how many thousands of human beings suffer from vaccine damage for the rest of their lives.

But what I have to say is that all those in power ..

Contact Report 863

Billy:

The American ... ... together with Mao Tse-tung, hatefully developed the corona disease in Chinese laboratories from the mid-1970s onwards, causing thousands of mutations and already costing human lives, before – long after the death of the two authors – the rampantly spreading disease finally broke out in 2019 as a result of an accident – preceded by several others – and began to spread worldwide, becoming a pandemic.

But ...

This will happen in the future because everything will be denied and twisted in such a way, because the truth is simply not supposed to be true, that an American full of hate together with the Chinese president Mao Tse-tung had the rampantly spreading disease created by laboratories in order to wipe out large parts of the US population.

TRANSCRIPT

DR. MARIA HUBNER-MOGG:* It's an honor and privilege to have Dr. Peter McCullough from Texas in the United States of America with us today. Thank you. He is an internist, cardiologist, epidemiologist, holding degrees from Baylor University, University of Texas Southwestern Medical School, University of Michigan, and Southwestern Methodist University. [Transcriber's Note: She misspoke, it is Southern Methodist University]. He manages common infectious diseases as well as the cardiovascular complications of both the viral infection and the injuries developing after the Covid-19 injections in Dallas, Texas, USA. Dr. Peter McCullough has broadly published on a range of topics in medicine with over 1,000 publications and 685 citations in the National Library of Medicine. Dr. McCullough testified multiple times in the US Senate and many state houses on aspects of the pandemic response. Dr. McCullough has had years of dedicated academic and clinical efforts in combating the SARS-CoV-2 virus and in doing so has reviewed thousands of reports, participated in scientific congresses, group discussions, press releases, and has been considered among the world's experts on Covid-19. Thank you.

Transcriber B Writes Transcriber B's Substack Sep 24

...continued...

7:58

DR. PETER MCCULLOUGH: The spike protein is proven in 3,400 peer-reviewed manuscripts to cause four major domains of disease.

One is cardiovascular disease, heart inflammation, or myocarditis. Every regulatory agency agrees the vaccines cause myocarditis. I’m a cardiologist. Before covid, for years we've had guidelines in cardiology. When there is myocarditis, whether its symptomatic or not, people cannot exert themselves in athletics. It will cause a cardiac arrest. And yet, across Europe and across the United States, sports leagues were injecting young people who had no medical necessity, no clinical indication with these vaccines, and we have seen a montage of cardiac arrests in young individuals.

I’m telling you as an expert cardiologist these cardiac arrests are due to the Covid-19 vaccine until proven otherwise. They are.

9:00

Other cardiovascular diseases caused by the vaccine proven. Acceleration of artherosclerotic cardiovascular disease and heart attacks, or cardiovascular arrests. Postural Orthostatic Tachycardia Syndrome, or POTS, or people passing out due to low blood pressure. You have seen montages of people in the media, one after another, passing out like you've never seen before. It is the vaccine until proven otherwise.

Aortic dissection, atrial fibrillation, other arrhythmias. Cardiac arrest in the absence of myocarditis has been described for the Covid-19 vaccine

What most people unfortunately don’t see is that this is a spiritual battle!!!

We are talking about VERY dark forces (spirits) working THROUGH the lost masses.

Some of them KNOW and some of them have no clue and believe these evil ideas are coming from themselves and some don’t even know they are evil ideas. Yeah I know that sounds crazy. But it’s true..........

It ALL goes back to the Bible and the beginning of the ages. Nowadays not many people even believe in the Word of God and many have forgotten.....nowadays many people believe in a total lie of evolution with absolutely no proof whatsoever!!!

Most people unfortunately don’t know (ignorance) how the evil started and some don’t even notice they are IN the evil when it is completely surrounding them!!! They are completely blinded!!!! Just like the Bible says.

Why are they blind?

The same reason that there is all this evil in the world. It ALL started at the beginning of the ages.....when the first human beings were placed on the earth by God.

God told them NOT to eat of 1 tree.

The tree of knowledge of good and evil.

They were influenced by a dark power that convinced them using three tricks:

1. The lust of the eyes.

2. The lust of the flesh.

LIKE (1) REPLY (1) SHARE ···

Moe Dodson Writes Moishe Meets Remarkable People Sep 20

If I lose my job, my family's life is in danger. If I lose my position, my ability to effect even minor changes in the world are destroyed. If I lose my neighbours, what is my life worth? If I am not for myself, who shall be? If I am only for myself, what am I?There is a number for the Good Society: it is the number of people you love so much, personally, you would lay down your life for them. Personally. Not for some abstract cause: The People, the Poor, etc. That is the desperate gambit of someone so alienated they would rather lose their life for an idea than help specific individuals because these individuals are important to them. They have no individual people who are that important to them. I choose Camus over Sartre - those I love I love more than any Cause. When anglophnes say 'people' it is almost completely decontextulaised, deracinated, depersonalised. The Spanish say 'el pueblo' and it means a specific place where specific people live in an ongoing community that lives and works together in one place over generations. Quando se dicen 'el pueblo', eso toca el profundidad del corazon, y nos lleva a una intesidad de sentimiento que esta mas alla de las palabras. Pero, donde esta el pueblo hoy? Donde? "And the doors shall be shut in the streets, when the sound of the grinding is low, and he shall rise up at the voice of the bird, and all the daughters of musick shall be brought low;... they shall be afraid of that which is high, and fears shall be in the way, and the almond tree shall flourish, and the grasshopper shall be a burden, and desire shall fail: because man goeth to his long home, and the mourners go about the streets..."

Does anyone know if many people who were not exposed to much cellular frequency radiation got sick?? Does anyone know about how our military/intelligence community has the capability to hack into peoples' biometrics to either use them as an antenna or to effect their mind or health in some way?... Everything and everyone has a frequency that can be manipulated by an outward frequency... Anyone who has studied chemistry and/or physics would know this. Look into the patents. ...Not sure if I'm buying the whole virus theory anymore. The Exosome Theory makes more sense to me. ... Why hasn't Malone (mal one), or McCullough, or any of the other "truth tellers" been silenced in some way?? Have any of them brought up the possibility of this symptoms being caused or even possibly augmented by outward frequencies?? How could they not be intelligent enough to think of this???????

LIKE REPLY (1) SHARE ···

Moe Dodson Writes Moishe Meets Remarkable People Sep 20

Interesting...when civilisations reach a certain level of stochastic complexity, truth becomes lost in a hall of mirrors. Postmodernism prefigured the situation today - indeed. Perhaps the power elites have fostered a machine - the internet - that they hoped to use for their profit and power - that has run out of anyone's control. 'Silence' is also relative - the majoirty (60% or so according to one study) of the population believe the information they get about the wider world from a 'favourite' journalistic source, ie corporate captured mass media. So, silence these media, and you have a majority in your hand - but not a huge majority. Two problems: when is a 'voice in the media being honest about what they beleive? And how does anyone know when even an honest voice is mistaken?
